

Merlin Nationals 2024

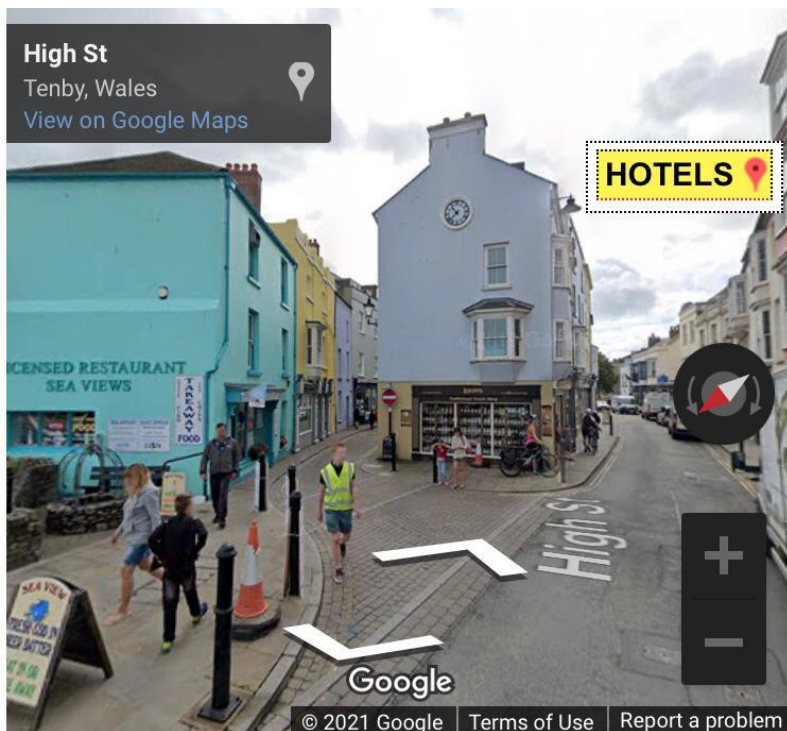

Tenby Arrival Instructions

On the approach to Tenby you will find this mini roundabout, bear left (not sharp left) for the harbour.

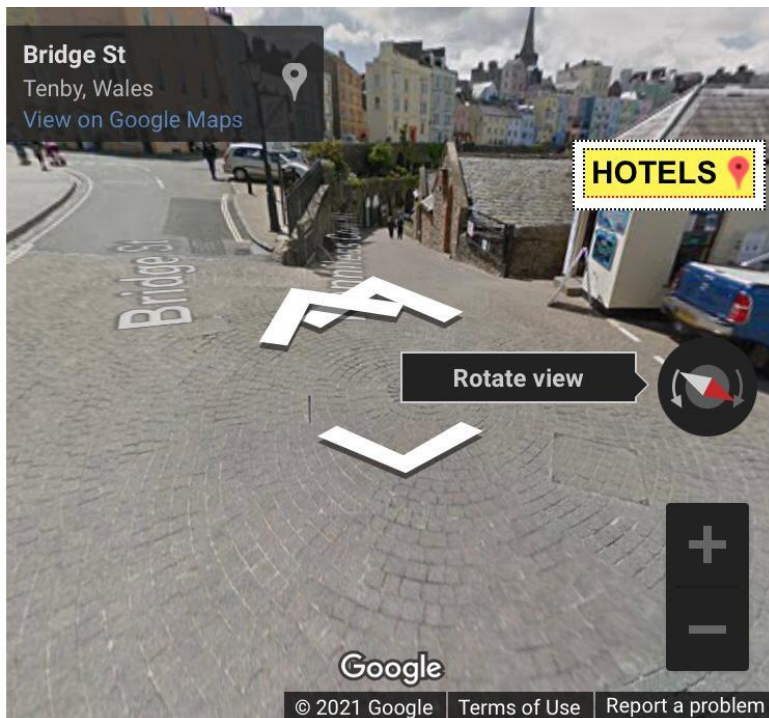

This the entrance to the town. If you arrive between 11 - 5:30pm there will be a manned barrier here. A sailing club rep will also be here and you will be allowed through during the pedestrianisation.

Between 11-5:30 there will be traffic lights here. Bear left and head down the one way street. If outside of these times head straight on.

This is the tight turn. Either go for it with a wide approach watching your left hand inside trailer wheel in the mirror or a three-point turn in the area ahead.

Down the hill and you are there. Simple. There are two boat parks, one outside the clubhouse for about 20 boats, one further along the through the dinghy park for the later arrivals. There is a hose pipe at each one.

Trailer Parking
